Dear Mr. Washington:

Re: Mineral Exploration Notice of Intent, Completeness Letter, Lucky Boy Project,
E/003/013, Box Elder County, Utah

The Division received Interstate Gold Inc.'s Notice of Intent to Conduct Exploration on February 20, 1990. This application covers the proposed Lucky Boy exploration project located in Section 22, T14N, R15W, SLBM, Box Elder County, Utah.

This letter is to inform you that the Division has evaluated the above mentioned Notice of Intent for completeness. The Notice of Intent does meet the requirements of Rule R613-002 of the 1988 Division of Oil, Gas and Mining Minerals Rules, and Title 40-8 et seq of the Utah Mined Land Reclamation Act of 1975.

Interstate Gold Inc. requested a variance to allow the drill holes to remain unplugged until assays and plans are made. The Division grants this variance provided the drill holes are plugged on or before November 30, 1990 (the date of expiration of this NOI).

It is understood that per our telephone conversation of March 3, 1990, your office, acting as "Lead Agency" will notify the operator accordingly. Please provide us with a final copy of your letter to the operator.

Thank you for your cooperation. If you receive further information or amendments for this site, please notify us so we will be able to update our files. Please reference our designated file number E/003/013 when forwarding additional information on this project to us.

Sincerely,

Anthony A. Gallegos
Reclamation Engineer
